To Whom it May Concern,

This letter of reference is regarding Liam Goffin and his abilities as a videographer, photographer and storyteller.

I hired Liam in the summer of 2022 to capture video and photographs on my wedding day. The decision to hire a videographer and photographer was rather last minute, but Liam was up to the challenge. He demonstrated incredible adaptability and coordination through his ability to multitask as the solo photographer and videographer. Liam captured fabulous photographs of our family and the venue. He also gathered beautiful video of the entire event that he later edited into a stunning 10-minute video.

The video edit went above and beyond our expectations to tell the story of our wedding day in an intimate and breathtaking short film. He listened carefully to our requests and ensured that the video included all of them. His exceptional attention to detail in the video and picture, as well as his ability to multitask, are a testament to his passion in crafting high quality and engaging content.

Please contact me should you require any other information.

Regards,

A handwritten signature in black ink, consisting of several overlapping loops and a long horizontal stroke extending to the right.
